TRAVEL QUESTIONNAIRE

If you are travelling abroad you may need vaccinations, malaria tablets and travel health advice depending upon your destination. In order to help us advice you properly please complete this questionnaire and hand in to reception as soon as possible (ideally 6 weeks before you travel). Then allow 5-10 working days and telephone reception to find out when you need an appointment and what vaccinations you will require.

Please allow at least 20 minutes per person travelling for the first appointment with the Practice Nurse who will then work out your requirements and plan an appointment schedule for your vaccinations.

PLEASE COMPLETE ONE FORM PER TRAVELLER

Name
Address
Telephone
Number
Date of Birth
Date of Travel
